Tips for Better Skype Interviews:

Skype or Zoom Interviews

+

Don't sit too close to the computer.

+

Always keep eyes on camera.

+

If possible elevate computer so that it does not appear to the viewer that you are looking down at them.

+

Allow enough space so that you can use hand gestures. (Move computer to edge of desk to give you maximum space to gesture).

Tips for Better Skype Interviews:

+

Be animated and use emotion – this platform is cumbersome and does not lend itself to good production – you have to provide the edge.

+

Careful of the background.
The best tip? Go to a studio or do an in-person interview when possible!

+

Remember 2 second rule during questions.
